Older Home Update Application Instructions

Instructions for reviewing completed form

Applicant to complete this application for any dwellings over 25 years old.

Application must be completed in its entirety. Refer any concerns to Markel for review.

General information:

1c: If the roof, electrical, plumbing, or heating are ineligible, full replacement of these items may affect eligibility or rating. Contact Markel underwriting if you would like to request an exception for an ineligible risk that is scheduled to have the roof, electrical, plumbing, or heating replaced.

Roof covering information:

2: If there are any roof concerns, the following options should be considered per the underwriting guidelines. Contact Markel underwriting with any questions:

- Decline or cancel the risk
- Roof exclusion
- ACV roof form
- Roof and Ensuing Water Damage Deductible form
- Increased AOP deductible
- Water damage deductible

Electrical information:

2a-2c: Any yes answers make the risk completely ineligible.

2d-2e: Any yes answers make the risk completely ineligible, unless the issue has been corrected and the electrical system replaced by a licensed electrician

Plumbing information:

2a: Galvanized plumbing requires special underwriting and deductibles. See underwriting guidelines.

2b-2d: Any yes answers make the risk completely ineligible.

2e-2f: Any yes answers make the risk completely ineligible, unless the issue has been corrected and the plumbing system inspected by a licensed electrician.

Heating information:

1-3: Any yes answers make the risk completely ineligible.

Applicant's statement:

Application must be signed and dated by both the Applicant and Producer.
